Summary

Aspiring Data Analyst skilled in data visualization, machine learning, web development, and business intelligence tools. Experienced in dataset analysis, predictive modeling, and web application development.

Education

B.Tech - Artificial Intelligence and Data Science

Ramco Institute of Technology

Aug 2022 - Jun 2025

CGPA: 7.52

Diploma - Mechanical Engineering

P.A.C.R. Polytechnic College

Aug 2019 - Jun 2022

Percentage: 85%

SSLC

Anadha Vidhyalaya

Jun 2018 - Apr 2019

Percentage: 59.4%

Languages

Tamil, English

Skills

- **Programming:** HTML, CSS, JavaScript, React.js, Python, SQL
- **Data Tools:** Power BI, Tableau, Pandas, Numpy, Scikit-learn, Jupyter
- **Web Development:** HTML, CSS, JavaScript, React.js
- **Version Control:** Git, GitHub
- **Soft Skills:** Analytical Thinking, Problem Solving, Teamwork

Experience

EZOFIS, Tirunelveli | *Digital Marketing and NLP Integration Intern*

Jul 2023 - Aug 2023

- Enhanced social media presence with visually engaging posts using Canva, HubSpot, and Adcreative AI.
- Developed NLP-integrated webpages for database interaction using HTML, CSS, JavaScript, PHP, PostgreSQL, and MySQL.
- Implemented no-code AI projects linking NLP with SQL for simplified database interaction.

Projects

Student Form - Web-based form for capturing essential student details to streamline educational data.

DigitVision - CNN-MNIST Digit Classifier

Tools: Python, TensorFlow

Classification model using CNN on MNIST dataset for accurate handwritten digit recognition.

Amazon Prime Movies and TV Shows Dashboard

Tools: Power BI

Dashboard with insights on genres, ratings, and distribution of 9,655 titles (1920-2021).

Netflix Dataset Analysis

Tools: Python, Pandas, Matplotlib

Analysis of Netflix data showing genre trends and country-based content distribution.

Portfolio

Built With: React.js, Node.js, Express.js, CSS3, Netlify

Personal portfolio featuring GitHub projects, resume, and technical skills.

Certifications

- **AI-Driven Digital Marketing Internship** - Ezofis
- **Skillbuild: Machine Learning to Generative AI**
- **Data Analysis with Python** - Coursera
- **SQL for Data Science** - Coursera
- **Analyze Data with Power BI** - Microsoft Learn
